

Application Number 10/593,750
Amendment dated April 23, 2009
Response to Office action of April 3, 2009

Remarks/Arguments

Election/Restrictions

Applicant wishes to respectfully point out that in the Office action of April 3, 2009, the Examiner has listed only 20 claims as pending in the application, those being Claims 72 - 76 and Claims 78 - 92, however, the Filing Receipt for this application, dated 06/25/2008, notes that there are a total of 21 claims, and that in the Preliminary Amendment filed 09/21/2006 applicant had listed Claim 93 as "(original)", and not as either cancelled or withdrawn. Claim 93 of this application does appear in Patent Application Publication No. US 2008/0238108 A1, published October 2, 2008, and therefore, as of the date of the Office action of April 3, 2009, Claim 93 should also have been listed as pending. As Claim 93 is dependent on Claim 90, applicant assumes that Claim 93 should be drawn to Invention II.

Applicant elects Invention I, applicant elects Claims 72 - 76 and Claims 78 - 89, without traverse, and has therefore withdrawn claims 90 - 93. However, Applicant reserves the right to represent the non-elected claims in divisional application(s).

Applicant respectfully submits that application is in condition for allowance, and such disposition is earnestly solicited. If the Examiner believes that discussing the application with the Applicant over the telephone might advance prosecution, Applicant would welcome the opportunity to do so.

Respectfully submitted,

/J. Edelson/
